SOUTH NEWFANE.

Frank Moss's Bungalow Burned.
A fire, which was the probable result of Sunday fishing, and the carelessness of someone, caused the loss Sunday of Frank Moss's bungalow and contents.
The fire was discovered about the noon hour in the grass on Frank Moss's mowing, and was running from the branch toward the bungalow. Help was called and the small stable was saved, but the bungalow was entirely consumed.
On Saturday Mrs. Moss had mattresses and bedding moved into the bungalow, making it ready for occupancy when other members of the family arrived late this week. The fire seems to have started near the branch from some one carelessly dropping a lighted match into the dry grass. Mrs. Moss and others saw fishermen going down the stream but a short time before and a place was found where evidently lunch had been eaten and food heated.

The stems of first year growth are light orange in color and of this year's growth light lemon. The leaves are white except at the tips of the branches where they are a very delicate pink.
